Text can be emphasized

Besides from *italics*, words can be **bold**, *slanted*, or typeset in SMALL CAPS Such command can be *nested*. see how emphasizing looks when nested.

Statement #1: 50% of \$100 equals %50. More special symbols are &, _, { and }.

Get help on the internet

https:/latex.org is a support forum for LATEX

we start very small, get big and bigger, huge gigantic

TUG is an acronym. it means TEX Users group.

Annabel lee

It was many and many a year ago. In a kingdom by the sea, That a maiden there lived whom you may know By the name of Annabel lee
